ABOUT ME

Operations and Quality Assurance professional with 14+ years of experience in Banking & Financial Services, specializing in US Residential Mortgage Operations, AI Voice Agent QA, Manual Testing, Training & Development, Process Improvement, Regulatory Compliance, and Team Leadership. Proven experience leading large-scale mortgage training operations, managing teams, improving workflows, and validating conversational AI for mortgage/borrower calls.

EXPERIENCE

Assistant Manager — AI Voice Agent QA

Wipro Limited | Oct 2025 – Present | Hyderabad, India

- Performed end-to-end manual QA testing of AI Voice Agents handling mortgage/borrower calls, validating call flows, intent recognition, conversational accuracy, response quality, and borrower experience.
- Designed and executed structured test scenarios covering positive, negative, edge-case, and compliance-sensitive call scenarios.
- Validated AI Voice Agent adherence to regulatory requirements, including Mini Miranda, across applicable borrower interactions.
- Conducted production call audits to evaluate tone, clarity, accuracy, response quality, and overall borrower experience.
- Identified, documented, and tracked defects with detailed QA evidence; collaborated with engineering to validate fixes, enhancements, and regression results.
- Identified conversational gaps, inconsistent responses, and intent-handling issues, supporting continuous improvement of AI interaction quality.
